MAGICAL MOMENTS AT CASINO KITZBÜHEL
 The Casino Kitzbühel is in season all year round, providing action, entertainment and excitement 364 days a year. In addition to the thrill of gaming, the casino also opens up a world of new experiences – not forgetting the culinary delicacies in the casino restaurant. A four-course dinner and casino menu isn't simply a delight or the palate: as "dessert", you can hit the tables for roulette, blackjack and poker or relax with the slot machines.

There are also surprises on offer in the form of draws that boast sensational prizes. For example, Ladies' Day is held every Wednesday and features wonderful prizes especially for women. The Casino Kitzbühel also wins over guests with cultural highlights including cabarets, shows and concerts held throughout the year.
