ORF Long Night of the Museums

26.09.2022 / On Saturday, October 01st, 2022, the ORF - Long Night of Museums event format will attract interested visitors to museums across Austria, including Kitzbühel.

Austria-wide entrance with one ticket only

On Saturday, October 01st, 2022, it's that time again: the Long Night of Museums, a concept of the Österreichischer Rundfunk (Austrian Broadcasting Corporation), takes place throughout Austria and this year marks its 22nd anniversary. Its intention is to give visitors the opportunity of a rich, cultural offer to visit a variety of museums and galleries with only one ticket. In this way, museum lovers from young to old are invited on a great discovery tour. Three museums are also involved in Kitzbühel and its vacation villages of Reith, Aurach and Jochberg.

In Kitzbühel, the Museum Kitzbühel - Alfons Walde Collection, the Krampus Museum in Kitzbühel and the Museum of Mining and Local History in Jochberg are represented. The regional ticket counts as an admission ticket for these.

For a price of EUR 15.00 (reduced EUR 12.00 and regional ticket EUR 6.00), you gain admission to all participating cultural sites from museums to galleries. The ticket is valid on this day from 18:00 to 01:00 of the following day as an admission ticket. There are also numerous additional events and special events, such as children's programs, to ensure lots of fun and games.
