## Description

From St. Johann the tour leads along the river Fieberbrunner Ache, past the airfield and via Reitham to the farmsteads of Winkl-Sonnseite and on to Fieberbrunn. Via Obwall you reach the center of St. Jakob in Haus. After changing to the other side of the valley, continue passing the chairlift up to Buchensteinwand and through idyllic hamlets of Flecken and Schwendt, which belong to the municipality of St. Ulrich am Pillersee. Cross the main road in Straß, continue along the opposite side of the road and cross it again before the center. Follow the way to the beautiful Lake Pillersee. The wide trail along the right side of the lake leads to the little pilgrimage church in St. Adolari and can get busy with strollers, so watch out. Cross the road at Adolari and take the bike trail on the left side of the road to the wildly romantic gorge Öfenschlucht, a natural monument distinguished by the unique rock formations. Follow the Pillersee state road to Waidring. Take the village road, drive through the underpass (main road B178) and pick up the cycle path towards Erpfendorf. In Enthgrieß take the underpass to the other side and continue to Erpfendorf. In Erpfendorf use the underpass to reach the bike trail along the river Großache. From the center of Kirchdorf take the trail on the left side of the river to Furth. Change to the other side and ride to the center of St. Johann in Tirol.
