

2010 | OD Trails - Green Line

distance 1,1 km

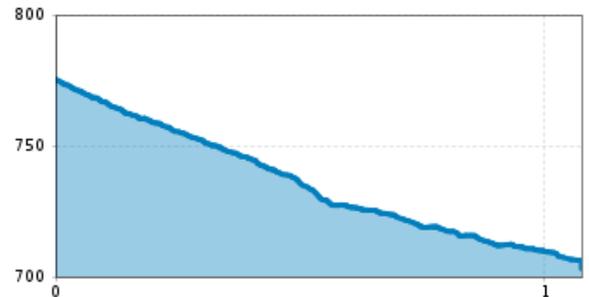

altitude meters downhill 70 m

starting point: Bergstation Valle's Tauwiesenslift

destination point: Talstation Valle's Tauwiesenslift

Altitude profile

Description

Easy flow trail that serves as access to the jump lines and has no large stones, roots or trees. Undulating tracks and berms with small tables provide small jumps. You can gain your first trail experience and consolidate your cornering technique. The trail is particularly suitable for beginners of all ages.
