Altitude profile

## Description

This tour starts at Kirchangerweg in Kirchberg. The approx. 220 hm are covered on the asphalt road, past the Kirchanger Chapel to the Obergaisberg inn and you can enjoy the wonderful view of Kirchberg. From here, a partly steep gravel path begins through shady forest to the Gaisbergstüberl and the mountain station of the Gaisberg lift. The route leads past the inn and downhill on an asphalt road. Turn left at the Manharthof, pass the Linthalhof and cycle back via Bohrkirch to the Kirchangerkapelle, the starting point.
