Altitude profile

Description

The tour starts in Kirchdorf - Habach. Follow the local road uphill in the direction of Stockerhof. After approx. 1 km, follow the signs to Adlerspoint and turn left. At the next fork in the road, keep left again. From here the route is rather flat until it climbs steeply through a forest to the large plateau of the Kalksteinalmen. The trail continues without any major ascents via Adlerspoint to the Gerstbergalm. Downhill option: After a short push section at the Gerstbergalm, you descend via the Winterstelleralm to Ortisei and via Waidring/Erpfendorf back to Kirchdorf.
