Description

Three times a week you get the chance to set off from Kirchberg on a safe evening ski tour along the popular Gaisberg piste. Normally the operators work intensively preparing the downhill runs for the next day.
But the "piste groomers" do make allowances especially for our ski touring fans. This creates a time window for risk-free touring - and the whole area in the vicinity. Some snow groomers may be in operation - however, there will definitely not be any hazardous cabe winch grooming!
Safe ski touring between:

Tuesday: 6.30 - 10.00 p.m.
Thursday: 6.30 - 11.00 p.m.(under floodlight)
Friday: 6.30 - 11.00 p.m.Uhr (under floodlight)

On all other days there is general PISTE CLOSURE fróm 4.30 p.m due to cable winch grooming (serious risk of death!).
