

Golfclub Kitzbühel Schwarzsee Reith

Our 18-hole championship course invites you to an enjoyable round during the summer months between about mid-April and the end of October.

best season: APR, MAY, JUN, JUL, AUG, SEP, OCT

Description

Built in 1987 and first opened in 1989, the course played host to the "Golf European Challenge Tour" for the first time in 2003. Whatever your handicap, all golfers can enjoy diverse playing conditions on expansive fairways which provide the perfect opportunity for hitting good drives. Walk up to the 15th green to reach the course's highest point - where you will be rewarded with breathtaking views of the Wilder Kaiser and the Kitzbüheler Horn mountains. Another unique feature of the course is the par-3 16th hole, which is known as the "Mausefalle" or "Mousetrap" and which has to be played across a small ravine.
