

Hinterseer, Pension

Description

Located about 200 metres above the valley terminal of the Hahnenkammbahn, Pension Hinterseer offers magnificent views of the town. Away from the hustle and bustle of the town you can experience Kitzbühel from the perspective of people who actually live here. You'll immediately notice the typically Tyrolean, warm-hearted and cosy atmosphere as well as our close ties to our natural surroundings.

You'll soon feel at home in one of our 13 rooms or in the holiday apartment. In summer, the garden becomes a true "spa suite" for the body and soul. In winter the best way to feel completely invigorated is to enjoy a session in the sauna...

Whatever you do, whatever you want or need: We're always here to take personal care of you and ensure you enjoy a marvellous stay.

Enough parking space available.
