Description

This impressive route starts at the valley lift station of the Hornbahn gondola in Kitzbühel. It starts with a ride on the Hornbahn 1 and the Horn Gipfelbahn gondolas up to an altitude of around 2000 metres. From there, the short climb up to the observation tower guarantees a unique 360° view. The hike leads past the Hornkapelle chapel and along the Kids' Climbing Path to the Alpine Flower garden. Surrounded by splendid alpine flowers, the trail leads past lake Hornköpfsee to the "Weaner Stadt". An easy hike up to Hochetzkogel peak follows. The Kneipp pool located above the Bichlalm mountain hut is an ideal place to cool off at the end of the hike.
