Description

The strength of the Kitzbüheler Werkstätten consists of an interior shop and the associated production facilities, upholstery and joinery, as well as its own planning department, where complete living and room concepts are designed, developed and implemented in its own production. In the shop, customers not only find furniture, fabrics, lamps and accessories, but can also get comprehensive advice.

The team of Kitzbüheler Werkstätten also takes care of the complete fitting out of a flat, a house, and also organises the craftsmen and takes care of the rest with an all-round carefree package.

With new covers, furniture, curtains and accessories from international renowned manufacturers, new accents are set in your home.
