

## Lake Arena Hechtsee

The Hechtsee is a classic spot in Kufstein. A popular destination for locals and visitors alike. My children can spend a whole day between the water trampoline, the table tennis tables, and the beach volleyball courts. Meanwhile, I enjoy the shade under huge trees and read a book. To cool off, I take a swim. A blessing in this clean lake. The water quality is excellent. In between, we enjoy ice cream and cool drinks at the buffet.Changed opening hours possible due to weather conditions!
