Great selection for kids, Gourmet dishes in Bio quality. HIPP menus for babys!<br>Specialities: regional cuisine

## Description

Pure pleasure, healthy and regional, awaits the guest in the restaurants of the LISI Family Hotel. Those who love the coziness of rustic parlors will find their favorite place in the Zirben- or Kaiserstube. In summer, the sun terrace invites you to enjoy Tyrolean specialties or refresh yourself with a creative cocktail. During the summer months, the popular BBQ evenings also take place here.

Guests are also welcome to eat only an excerpt from the menu, that is, for example, a soup and a main course. During the day, both house guests and external guests have the opportunity to choose from our à la carte menu.
