Description

Mocking is the tavern, the classic Austrian cuisine refined with fresh ideas and unique creations served to gourmets: original, genuine, natural. Carefully processed quality products from the region guarantee an intense, genuine taste experience in the rhythm of the seasons. Spirit for something new, a sense for something special, enthusiasm for culinary delights and, above all, pure passion characterize the style. True to our guiding principle by Jean Jaurès: "Tradition is not the preservation of ashes, but the transmission of fire. Welcome to Mocking!"
