Description

The varied MTB Family Area Streiteck awaits you at the bottom station of the Sonnenrast chair lift. With a 100m long conveyor belt and practice trails with a total length of around 1.4 km, this is the ideal meeting point for MTB families and beginners: for practising, warming up, swapping, bike camps and coaching sessions it's the perfect hangout.
Tip: The sun terrace offers a perfect view of the bike action and is designed for parents, grandparents and accompanying adults to take it all in.
