Description

At pano everything revolves around quality, origin and craftsmanship. About joy, relaxation and pleasure. Be it our bread, which regional bakers bake in a wood-fired oven according to our recipes, or our jams, which are preserved for us in an Upper Bavarian manufactory according to time-honored recipes. Our cakes, our ice cream and much more. All this is made with care and love to offer it in our panos to all our guests. We attach great importance to ingredients of our region. Thus, our guests will find more seasonal offers with us. We also offer, besides many vegetarian, more and more vegan dishes and drinks on our lovingly hand-painted offer boards. The real thing can be tasted, felt and therefore enjoyed holistically.
