

Swimming pool Jochberg

Not only is it called that, but it is one: a swimming pool in the forest.

Address: Waldschwimmbad Jochberg

Description

Due to its clear size, the separate baby wading pool and the water slide, our outdoor pool is especially popular for families with children.

And the adults love the quiet location.

In addition, there is also a large sunbathing area, a beach volleyball court and a restaurant with snacks and drinks.

As it is usual in Jochberg, also the swimming pool has the Grander water-technology.
