Höhenprofil

Beschreibung

The starting point is a junction of the Oberhausenweg municipal road at "Taxen" at the foot of the Schützenkogel. From here we head uphill along the Ostweg, a gravelled forest path. The trail winds past sections of forest with rushing stream falls and alpine meadows. At two junctions, continue to follow the signposted trail of route number 212. Once the trail has passed the Taxeralm and Künstlalm and the destination of the Waldhausalm has been reached, all the effort is rewarded and we can enjoy a breathtaking view of the Kitzbühel mountains and down to the town of Kitzbühel in the valley with its holiday villages of Aurach and Jochberg.
